Mr. Tedesco,

The applicant for the Costco project has submitted updated plans and the Town Planning Board will commence the site plan review at their March 22nd meeting. See the link below for the project webpage that has been created on the town website:

<https://www.townofguilderland.org/planning-board/pages/proposed-costco>

The DOT played a critical role during the EIS process for the Costco site and the two other project sites analyzed during the EIS process and subsequent adoption of the EIS by the Planning Board in August 2020. Since that time DOT has played an active role in the design/implementation of the roundabout at the I87 exit/entrance Ramp/Crossgates Mall Rd intersection and review of a proposed signal warrant analysis proposed by the applicant at the intersection of Western Ave/Gabriel Terrace.

The town is now requesting site plan specific comments from DOT on the following and ask if DOT could provide comments within 30 days of this email:

1. Proposed Crossgates Mall Road improvements to be implemented near the intersection with Western Ave/Johnston Rd.
2. Proposed Gabriel Terrace improvements at the intersection with Western Ave.
3. Additional comments DOT may have on the proposed development.

Regards.
